'Jack Of All Trades'

District Clerk's Interests Vary

Jack of all trades and master of all, could well refer to the kindly gray-haired gentleman who sits behind the desk in the District Clerks office at the Milam County Courthouse.

Grady Allen Sr., 57, has worked about 19 years in his elected post being the oldest man there along with Sheriff Carl Black.

All this while he has carried on interesting sidelines that are a complete opposite from his duties in the Courthouse.

His hands might well relate the story. They are not the smooth, white, unmarred hands of a public official.

MANY TALENTS

Instead they have done such things as that of a mechanic, paper hanger, painter and are presently sharpening saw blades and tools.

Behind his home at 210 North Fannin, Mr. Allen has his neat compact shop. Here he spends every spare minute from the time he leaves his office until all hours of the night.

"I just love this work or anything that is mechanical or has some skill to it," Allen said in explaining why he was interested in something so different from his post at the Courthouse. "It is a change from the grind of office work and I come here to relax," he continued.

STARTED HOBBY

For two and one-half years Allen has been working sharpening instruments.

"At first I started this hobby just to play with and relax, now it has grown into a big business," he said.

Looking around his shop one can see many antiques along with the modern equipment. In one corner is a hand saw more than 60 years old, along with other old-time buck saws, cross cut saws, chain saws and antique pruning saws.

He also has in his shop various circular saw blades, clipper blades, table saws and skill saw blades.

NEW APPEARANCE-DIFFERENT WORK — Grady Allen, Sr., takes on a new look quite different from that as District Clerk at the Milam County Courthouse. Wearing coveralls, apron and cap, he displays his gumming machine used to shape saw teeth in his shop on Fannin Street.

Yard tools and lawn mowers stand along side a table containing many scissors, knives and the such.

Allen has nearly every tool to do his work with, such as a gumming machine that shapes teeth, saw vice that sharpens round saws, a hand saw machine, retoothing machine and an automatic hand set machine.

He now has a key machine on order and when received will be able to make any kind of key needed.

EXPANDING BUSINESS

"During all the years in the garage business, about 17 years, I wanted to get into this business and since I am the only one in Cameron with the machines to do the work, my business is expanding and I just can't turn anyone down," he said.

Saws and tools come to him from all over Texas. The biggest saws he has handled were two 30 inch circular saws.

This native of Milam County was born and reared just three miles from Cameron near Ben Arnold. He married Bessie Richards and now his wife helps him with his hobby by taking and giving out orders during the day, and serves as his secretary.

A quick humor is one of Allen's gifts and he carries it with him at home and at work. He readily admits that he was forced out of the garage business, in turn ran for the District Clerk position and then had to take a business course in Waco so he could do his office duties, such as typing.

Allen also has another love in his life and has acquired an outstanding record. He is in the Masonic Lodge and holds the 32nd degree, the highest honorary degree that York Rites offers.

Making his life complete are his three children and his grandchildren. His two sons are Grady Allen Jr. of Cameron and Jackie Allen of Victoria. His daughter is Mrs. Fritz Schwarting of Tivoli.

Drought Hampers Area Agriculture

RAIN AIDS MILAM; MORE NEEDED TO BREAK DROUTH

Various amounts of rain blessed Milam County the latter part of last week and area farmers, ranchers and dairymen turned their eyes upward hoping the clouds would stay and rain would break the drought situation.

But the uneven bursts of rain gave only enough to help and not nearly the sufficient quantity needed.

According to the ranchers, they need about 10 inches of rain to overcome the present situation.

The amount of rain received in the County varied from 4 inches to less than one half - inch.

Jones Prairie reported the highest total rainfall with some sections receiving the four inches.

NORTH MILAM AREA

Northeast from Cameron around Maysfield, Leroy Massengale said they got about one-half inch of moisture.

"We're just five miles from the Jones Prairie area and we got just enough to make us mad; no not really, we were glad to get it, but we sure need more rain," Massengale said. "The ½ inch will hold us for about a week. Most farmers are feeding as hay crops are short and we don't have any grass," he continued.

Farmers in the Maysfield area made good crops as they had good moisture to start with.

"This rain will help Jones Prairie a lot and the Clarkson area got some good rain too," Massengale noted.

AREAS WEST

Areas west of Cameron received from one to two inches of rain. Yarrelton reported one inch, while just a few miles away two inches fell in the Marak community.

Laddie Vaculin, farmer in the Yarrelton community, said "We got enough to bring up small grain but I don't know if it will live." He said the pastures are pretty well grazed and there is no grassland left for the livestock which is a major industry in their area.

SOUTH AREA

Swinging down south of Cameron about 1½ inches of rain was reported. Here too, it was enough to help and bring up some of the small crops but four inches underground it is dry. Ranchers in this area have been feeding for about three weeks.

Billy Ellis, dairyman, said his situation is not too desperate as yet. "We have enough hay and silage so far and I'm pumping water out of the river," he said. "Without rain since last April 4, the situation could be a whole lot better, but we'll pull the winter," he added.

EAST MILAM

East of Cameron, Lawrence McClaren is about the only farmer and rancher with any grass and who is not as yet having to feed. His Bermuda grasslands are starting to come out after the recent rain but it will take a lot more rain to make them good for grazing.

"It looks pretty bad over in this part of the county," McClaren said. "We had about 1 3-5 inches of rain and it will help temporarily, but five feet underground it's as dry as a powder house," he added.

Total rainfall reported in the Cameron city limits during the three days was 1.12 inches.

RAIN AIDS MILAM; In Feature Game

Yoemen To Host Navasota Friday

Cameron's Fighting Yoemen will host the Navasota Rattlers in a featured district game at Yoe Field Friday night.

The first district home game will be termed as "Dads Night". Fathers of the squadmen will sit along side the team on the football field. Game time is 7:30 p.m.

A look at the records of the Yoemen and the Rattlers shows that this should be a tough battle for both teams.

Coach George Kirk said he thought this weeks action should be equal to the one played last week in Hearne.

Last weeks game was an exciting spectators game when the Yoemen came from behind to beat the Hearne Eagles 20-14.

"Navasota probably has a better ball club than Hearne. They have a great quarterback that ranks with the best in the district," Kirk said.

Mike Mason, 175 pound six foot senior, playing as a starter for the third year, is apparently the one to watch at the quarterback slot. He is a good passer and runs the ball equally well.

"They throw the ball as much as they run," Kirk said. Last week they went into a spread formation and threw the ball 21 times. They also play an unbalanced line.

In last weeks game, Rockdale beat them 35-0, but the scouting report still showed Navasota a strong team. During the game the Rattlers had two touchdowns called back, one on a run and one on a pass play.

They also lost their first district game with Caldwell, 17-0. Their other loss was to Katy, who at that time, was rated among the top 10 in the state along with Rockdale and Caldwell.

Coach Kirk said the Yoemen would defense about the same as in the past. "It will take another team effort this Friday, as Navasota is favored in the game," he said.

Overall team weight of the Rattlers is heavier and they have a great deal of speed.

In their backfield along with Mason is another fast boy, Paul Grupa, 165 pound halfback. Also, Larry Legg, at 158 pounds, at the other halfback slot. A large boy is at the fullback slot, Kenny McGinty, 174 pounds.

Their center has several pounds on the Yoeman boy as Don Dixon boosts 182 pounds. Guards Richard Hereford and Mike Moore are 163 and 160 pounds respectively. Tackle finds two boys at 178 pounds, Reed Wood and Bruce Freeman.

Speed is also advantage at the end positions. Bill Lucas tipping the scales at only 135 pounds, is fast and a good pass receiver. Roy Dyer plays the other end slot and weighs in at 178 lbs.

The only change that has been made in the Yoemen line is the quick side tackle position. George Bowman or Cliff Evans will man that spot.

"At this time we have no serious injuries, only a few bruises, and our line-up will remain the same unless something unforeseen happens," Kirk said.

In another game, the Cameron B-team will meet the Navasota B-team at the Rattler stadium Thursday night at 7 p.m.

Last week they were defeated by the Hearne B-team with a 16-6 score.

Ada Henderson's eighth grade team will play the Navasota Junior High team in Cameron at Yoe field.

Last week Hearne beat them 40-22.

MILAM LISTED AS DISASTER AREA, AID APPROVED

Milam County nas been designated as an emergency area by the Secretary of Agriculture and eligible for assistance under the Livestock Feed Program, according to Alva E. Sanders.

Sanders, office manager of the Milam County Agricultural, Stabilization and Conservation Service, said the program is designed to preserve and maintain foundation herds and prevent widespread liquidation of eligible livestock until new grazing is available in range country and a new grain crop is harvested in dairy areas.

The approval for Milam County has been granted through March 31, 1964.

Under the Livestock Feed Program, farmers may apply for the purchase of CCC stored grain at reduced prices.

The rate for grain to be fed to eligible primary livestock will be $1.67 per hundredweight for grain sorghum and $1. per bushel for corn. These rates are 75 percent of the county support rate. Grain for secondary livestock may be purchased at the county support rate, Sanders said.

ELIGIBLE LIVESTOCK

To be eligible, livestock must have been owned by the applicant at least six months prior to the date of application and located in the emergency area on the date such area was designated an emergency area. Also eligible are producing cows, cattle, sheep and goats purchased by the applicant as replacement breeding stock according to his customary normal breeding operations and offspring of such cattle.

"Primary Livestock" means the following eligible livestock which constitutes the owner's foundation herd: (1) Cows kept for the production of milk; (2) male and female cattle, sheep and goats kept for breeding purposes, and their offspring kept for replacement purposes; and (3) replacement breeding stock customarily purchased in normal breeding operations.

"Secondary Livestock" means eligible livestock other than primary livestock.

Only primary livestock shall benefit from grain sold below the support price. No Livestock Feed Program grain may be fed to ineligible livestock and none can be resold.

DISCOUNT FEED

Sanders said that selling the CCC grain at discount prices places the government in competition with local cash grain growers and dealers carrying normal inventories.

Discount priced feed, if sold to livestock men in the emergency area who are able to pay market prices, would give them an unfair advantage over those outside the area who must pay market prices.

For these reasons, the law and regulations provide that livestock feed program grain shall be sold only to those for whom it would be an undue financial hardship to obtain grain through normal trade channels.

Therefore, program assistance shall not be offered to owners within the area who are financially able to pay market prices and still maintain their basic herds of eligible animals without jeopardizing their operations in the future.

EMERGENCY FEEDING

While the arrangements are being worked out by the ASCS office for handling the applications for emergency feeds, J. D. Moore, Milam County Agent lists some recommendations for emergency feeding of cattle if there is no pasture, as supplied by Texas A&M .

1. Sell replacements if necessary. 2. Wean and sell calves as early as possible. 3. Cull low producers. 4. Confine to trap or dry lot and feed.

Moore said when the above conditions exist and total feed intake has to be supplied, probably the cheapest method will be to limit feed intake with salt supply energy by feeding sorghum grain. Roughage is high in cost and low in energy, yet some is necessary for ruminant digestion.

Self-feed a mixture of 34 percent ground sorghum grain, 33 percent protein supplement 41 percent, 31 percent salt and two percent trace mineralized salt.

Shuffield Released From Milam County Jail On $15,000 Bond

Darrell Shuffield, 31, of Rockdale, who is charged with the murder of Albert Ray Wheelus Jr., has been released from the Milam County Jail on $15,000 bond, according to Sheriff Carl Black.

Black said he was released Saturday and will be on bail until the Grand Jury meets in November. Upon indictment he will then have to make a new bond.

In a hearing Friday, District Judge W. C. Wallace granted bail and fixed bond at $15,000. A writ of habeas corpus had been filed two days prior by Charles C. Smith, attorney for Shuffield.

During an examining trial Judge Jess Brock, upon the request of County Attorney John Henderson Jr., denied bail to Shuffield and ordered him returned to the County jail in the custody of Sheriff Black.

Shuffield is charged with the October 13 death of Wheelus, 21, of Lexington. Wheelus was killed in a gun scrap in the Rockdale tavern, owned by Shuffield, on US Hwy. 79 four miles west of Rockdale.

Hoblitzelle Sets $5,000 Award For Land Improvement

Supervisors of the Central Texas Soil Conservation District will meet November 5 to select and nominate men to be considered for the 1964 Hoblitzelle Awards for Advancement of Texas Rural Life.

The awards, $5,000 in cash, a gold medal and a scroll, will be presented for the recipients contribution to the improvement of rural life over a 4 year period, from July 1, 1959 through July 1, 1963.

One recipient will be a junior farmer or rancher who is 35 years of age or younger. The other will be a senior who has passed his thirty-sixth birthday.

Eligibility for nomination for the 1964 Hoblitzelle Awards is open to any farmer or ranchman according to Wayne Mann, local Soil Conservationist. Any organization, business, institution or person may make nominations to the committee. The actual plan of land improvement used by a candidate on his own will receive prime consideration, Mann said.

Halloween Parade UNICEF Drive Set

Ghosts, goblins, spooks and witches will haunt Cameron tonight celebrating this Halloween tradition and the words "trick or treat" will be said a million times by wiry characters.

But not all of the Cameron youngsters will be ringing the door bells for their own pleasure, but rather for the pleasure they will be giving some underprivileged child somewhere in the world.

These will be the children working for UNICEF, an organization designed to aid needy children.

Kicking off the night of fun will be the annual parade of Cameron's costumed children through the streets of downtown Cameron. The parade will form at 5:30 p.m. at the Methodist Fellowship Hall.

Following the parade the children from the United Churches, Christian, Episcopal, Presbyterian and Methodist, will be collecting coins for UNICEF. Everyone is urged to contribute to the properly identified Trick or Treaters. The children will be giving the participants a book mark for their support.

UNICEF, United Nations Children Fund, is helping millions of children and mothers to better health in over 100 countries and territories by assisting governments in programs of disease control, nutrition and material and child welfare.

UNICEF feeds hungry children, helps them to get well, vaccinates children and trains mothers to care for their children and shows children self care to maintain healthy bodies.

Mrs. John Henderson Jr. is chairman of this year's UNICEF drive as sponsored by the United Church Council.

Mrs. Mary Janek Dies In Accident

Mrs. Mary Janek, 57, former resident of Cameron, died instantly from injuries suffered in a two car accident at Needville Saturday about 10 p.m.

Also killed in the accident was a 16 year old boy from Richmond, Martin Reinke. Six people were injured including Mrs. Janek's husband, Julius Janek.

Mrs. Janek and her husband were enroute to their home in Freeport from Cameron when the accident occured. The two vehichles collided on State Hwy. 36, about 12 miles south of Rosenberg at the Needville-Fairchild rd. Intersection.

The other car occupied by six youths was heading west on the Fairchild-Needville Road, driven by Michael Prude, 17.

W. C. Mitcham, son-in-law of Mrs. Janek, said the car failed to stop at the intersection and pulled in front of the Janek car.

Investigating officers said the left front of the Janek car struck the right front of the youths' car and the impact slammed the two vehicles together broadside, like a giant hinge.

Four of the teen-age Richmond boys and Janek were reported in a good condition Sunday at the Polly-Ryon Hospital in Richmond.

Funeral services for Mrs. Janek were held Tuesday at the St. Monica Catholic Church in Cameron. The Rev. John Geiser and the Rev. Paul McCollum officiated. Burial was in the St. Monica cemetery.

Mrs. Janek was born in the Marak Community on May 15, 1906. She had lived in Freeport for 23 years where her husband is employed at Dow Chemical Company.

Survivors include her husband; daughter, Mrs. Margie Mitcham, Freeport; brother, Rudolph Tepera of Marak and two grandchildren.

Pallbearers were nephews Frank Janek Jr., Rudolph Tepera Jr., Johnny Balcar, Louis Tepera, Jerry Kopecky and Julius Tepera.

Lions Broom Sale Aids Local Youth

The Cameron Lions Club will hold their annual Broom and Mop sale Tuesday November 5 beginning in the morning and lasting through the evening. Chairmen for this sale are Lions Robert Clark and Byron Wise.

All items for sale will be from from the Light House for the Blind in Fort Worth. Proceeds from this sale will be used by the local Lions club to support their scholarship fund for a Senior of Yoe High School, glasses for needy children, and the Crippled Children Camp located at Kerrville in the Hill Country of Central Texas.

The past two recipients of the Lion Club Scholarships have been Philip Hubnik, who is attending A & M University and Patricia Herelica who is attending Temple Junior College.

In the past year three pairs of glasses have been purchased for needy children.

The Crippled Children Camp has 504 hill-side acres with 16 permanent buildings, and repersents an investment of more than $600,000.

The camp is free to Blind, Deaf, Mute or crippled children in Texas from the ages of 7 through 16, and since its opening in 1953, the unique camp has given more than 7000 handicapped youngsters a summer full of fun. During the other months the camp is used as a training center for the adult blind.

Other items besides brooms and mops that will be sold are: cup towels, ironing board covers, pot holders, dust cloths, skirt hangers, oven mitts and others.

EI&E

4-H Clubs build a stronger America because 4-H is focused on helping boys and girls become more useful and responsible citizens through participation in 4-H Club activities. 4-H members learn the basic principles of economics as they apply to our society.

Two 4-H Adult Leaders from Milam County will attend the Southern District 4-H Adult Leader Workshop at Ebenezer Baptist Church in Austin, November 6, 7, and 8. The 4-H Adult Leader Workshop is sponsored by the Texas 4-H Youth Development Foundation. Each 4-H adult leader will attend the general assemblies and then join different work groups taught by specialists from the Texas Agricultural Extension Service of Texas A & M University.

The adult leaders selected for this honor are: Mrs. Lucy M. Brooks, Rockdale, Organization; Mr. W. L. Turner, Cameron, Career Exploration.

Each adult leader attending will learn how to become better 4-H adult leaders so that they can provide boys and girls with the kinds of experiences that will help them mature into the kinds of citizens we can all be proud.

These adult leaders will also have a great challenge to teach the other 4-H adult leaders in Milam County how to become more effective leaders when they return home. They will assist the Extension agents with making and carrying out a plan for expanding 4-H Club work in the county including a 4-H Adult Leader Development plan that will provide better opportunities for boys and girls.

Take Your Problems To Church This Week

NOW HEAR THIS ----

"But those who desire to be rich fall into temptation, into a snare, into many senseless and hurtful desires that plunge men into ruin and destruction. For the love of money is the root of all evil; it is through this craving that some have wandered away from faith and pierced their hearts with pangs."—I Timothy, Chap. 6: 9-10.

One has but to look in the pages of newspapers any day to realize the striking truth of the above warning—a banking official or public servant gone wrong, a home broken, crimes committed.

Money has its proper place in the essentials of any life. It is only when love of it causes us to place it in a position out of all proportion to its importance that the tragedies mentioned in the Bible quotation descend upon us.

There are many messages of power in the Bible that will help us avoid pitfalls and aid in building a successful life. A wonderful assist in discovering and using this power in church attendance, for being a part of church fellowship is living out these rules of conduct found in the Bible.

Last Day To Enroll For Texas 65 Health Insurance Program

H. Lewis Rietz, president of the Texas 65 Health Insurance Association, reminded Texas senior citizens today that they have only until midnght Thursday, October 31, in which to enroll in the over-65 health insurance program.

"Only those Texans who turn 65 on November 1 and after will be accepted for enrollment in Texas 65 until the next enrollment period.

After the Thursday deadline residents of the state will have 31 days, following their 65th birthday, to make application for the extensive health coverage.

Those who are now 65 and over and who do not apply for enrollment this month will have to wait until the next enrollment period," Rietz stated.

He does not expect an additional enrollment period to be scheduled for several months.

Week Of Prayer Observed By The Methodist Women

The WSCS of the First Methodist Church observed the Week of Prayer with a program at the church Monday.

Mrs. Niley Smith Sr., gave the program entitled "Prayer of Self Denial." The talk concerned the Wesley Community Centers in Fort Worth, Gary, Ind., India and Hawaii.

The devotional was given by Mrs. J. S. Thomas.

Next Monday will be the regular monthly business meeting and luncheon at 12 noon at the Church lounge.

Three plans are available under the program. The basic plan of hospital, medical and surgical insurance is $9 per month. The major medical plan is $10 per month and the combination basic and major medical plan is $19 per month.

National Spelling, Penmanship Tests Set For Students

On Monday, November 11, the Language Arts Department of Ada Henderson School will sponsor The National Diagnostic Achievement Test In Penmanship (Grades 4, 5, 6, 7, & 8) for any and all students who wish to participate.

The National Diagnostic Achievement Penmanship Test is under the direction of the National Board of Examiners, a non-profit organization, with headquarters in Kissimmee, Fla.

Each participating student will receive a certificate, The National Writing Improvement Certificate, given for effort, even though their penmanship is not up to standard for the grade enrolled. For each student writing up to standard for their grade, grade 4, 5, & 6, he or she will receive The Seal Of Acceptance Penmanship Certificate. Students in grades 7 and 8 writing up to standard will receive The Junior High School Penmanship Certificate.

This is a voluntary activity, having no effect on a student's school grade, because there is an entry fee of 20 cents per student which covers the cost of participating in the Penmanship Test. This entry fee is due no later than 3:45 p.m. on Friday, November 8, to the student's Language Arts teacher.

All papers will be sent to the National Board of Examiners, who will grade each specimen, and the paper of each student not writing up to standard will be diagnosed with notations as to improvement returned by the examiner. All papers will be returned to the students along with their certificates.

SPELLING CONTEST

The following day, Tuesday, November 12, the Language Arts Department will hold The National Spelling Test, also a part of the National Board of Examiners program, consisting of fifty words, for any and all students in grades 5, 6, 7 and 8 who wish to participate.

The entry fee for the National Spelling Test, also voluntary, is 20 cents per student, due before Monday, Nov. 11, at 3:45 p. m.

Each student participating will receive a certificate for effort, while those who pass the test will also receive The Seal of Acceptance

Surgery On Heart Amazing . . .

Surgery has approached a millenium in operating on or, shall we say, replacing the human heart.

News of the first emplanting of a heart pump to do parts of a failing human heart's work was achieved last week.

It is a major step toward substituting one heart for a weak one, such as being done with transplants of kidneys and parts of the human eye at present.

Specialists are now encouraged to predict the day of the complete heart transplant. It is already being done on animals in experimental surgery.

Just as no one would predict 10 years ago that man would be approaching the moon, no one would have foreseen such major strides in the exchange of vital human organs.

We see a predictable extension of human life in this one stride alone. Heart failure or disease is the major killer in this country, leading cancer.

It would be hard to predict how much longer we will be living even in this generation because of such surgery achievement.

Drought Widespread . . .

Texas is not alone in its need for water.

Wire news is hot with reports of communities across the Northeastern United States running low on water and forests being tinderboxes amidst the record drought.

The City of New York had earlier this week only 30 per cent capacity in its water reservoir while some smaller towns, like nearby Rosebud, faced the problem of having not enough for human consumption unless it was trucked or brought in by train.

It is a wide-spread problem which only massive general rains can alleviate.

If it helps to know somebody else needs water, they do.

don't be a MISER with FERTILIZER!

Batallion of Saints by Richard ce the Methodist Home was founded in 1890, over 3,600 children have Wormser, Try and Stop Me by Bennett Cerf, For 2 Cents Plain and Only in America by Harry Golden, and Cactus Culture by Ellen D. Schulz. They also list a biography, The Astronauts Themselves as authors of We Seven.

Smith Among Laymen At Waco Meeting

Mr. Oxsheer Smith of Cameron and the Hon. J. Edward Johnson of Brownwood joined three hundred Methodist laymen and ministers and three Bishops of the Church Thursday at the Annual Meeting of the Board of Commissioners of the Methodist Home in Waco.

The Board of Commissioners is comprised of laymen and ministers from Texas and New Mexico, the two states served by the Methodist Home. The group learned that sin-

INSECTICIDES GOOD

Insecticides work in many ways. Stomach poisons are sprayed or dusted on the crop to protect it from chewing insects. There are also contact poisions which kill those insects that they touch and systemic insecticides are absorbed into the plants to do their work. Chemical sterilants remove the insect's capacity to reproduce and some insecticides are a combination of several of these types.

Districting Bolt Strikes Demo Ire

AUSTIN - A Houston federal court's order wiping out present State congressional district lines and directing all Texas congressmen to run at-large until the legislature redistricts on the basis of population alone is on appeal to the U.S. Supreme Court.

Atty. Gen. Waggoner Carr's request for a stay of the Houston judges' decision pending final disposition of the appreal was granted by Supreme Court Justice Hugo Black.

Gov. John Connally conceded that the present line-up is unfair with districts ranging from 213,000 to 960,000 population. But he argued that it's the responsibility of the legislature, not the federal courts. He felt that the action by the Republican majority on the court was politically planned.

GOP members filed the lawsuit attacking the population imbalance among districts.

The Governor pledged to fight the order to the last legal ditch. He termed it "ridiculous" and unprecedented. Connally stated he would call no special session on redistricting "until all other avenues of action are closed." He felt it would be a waste of their time and $400,000 in tax money.

His befief was that such a complicated measure could not be worked out in 30 days, expecially since there have been no decisions of the U.S. Supreme Court to show what, if any, rules will be placed on Congressional redistricting.

A Georgia case will be argued in November. This may provide guide lines.

Connally believes that once the filing deadline has passed in February the Supreme Court will not interfere with the 1964 elections.

Top ranking Republicans found the Governor's tough words "shocking."

State AFL-CIO President Hank Brown said "complete and total anarchy" is going to be the result of failure to redistrict before the February 3 filing deadline.

The Governor drew blasts of criticism from major cities, which are under-represented in Congress. But there was approval from rural areas. They will lose strength in Congress when the districts are re-adjusted to be more equal in size, population-wise.

THE COURTS SPEAK - Aside from congressional redistricting, the courts had plenty to say last week. State Supreme Court held that the City of Haskell can spend municipal tax money to fight building of a dam by the North Central Texas Municipal Water Authority. Its decision upheld a Court of Civil Appeals finding but overruled the trial court verdict for the Authority.

The city considered the proposed dam on Miller Creek would be detrimental to its water supply. Cities in the Authoritys territory are Seymour, Knox City, Munday, Goree, Haskell, Rule and Rochester.

Third Court of Civil Appeals agreed with Travis County District Court that the States 1961 dedicated reserve natural gas tax is unconstitutional and prohibited by the U.S. Constitution's "commerce clause. Tennessee Gas Transmission Company and Panhandle Eastern Pipe Line Company contested the the tax.

WILDLIFE COMPROMISE — Parks and Wildlife Commission compromised on applications for free shell-dredging access to oyster reefs in Trinity and Galveston bays. It permitted dredging within 300 feet of live oyster reefs, as opposed to the usual 1,500-foot distance. But it denied dredging near five major reefs and one bird island.

Commission said in a statement, "It is realiably estimated that these revisions in regulations will make available up to two years supply of shell to relieve current emergency needs."

Then it ordered a widespread study of shell and aggregate resources which contribute $1,500,000 a year or 25 percent of the department's income. It concluded that without this important revenue the Commission, in all probability, would be forced to substantially increase fishing and hunting license fees."

FEEL RICHER? - Texans' incomes were at an all-time high in 1962 at $20,360,000,000, reports the U. S. Department of Commerce. This was 4.4 percent above 1961. It means that 4.6 percent of the dollars earned by all Americans belonged to Texans.

But when the massive figures are put into averages, Texans fall back. Texas ranks third in population, but sixth in total personal income. New Yorks $50,990,000,000 and California's $49,180,000,00 mean that people in those states have higher average incomes than Texans.

However, back in 1929 the total personal income of Texans was $2,700,000,000. Now it's nearly ten times as much.

HOSPITAL FUNDS APPROVED State Board of Health has approved $11,300,000 in applications for federal Hill-Burton hospital funds on 21 projects. Grants usually finance half the construction cost.

Allocations include: Leon County Hospital, Buffalo, $160,000; Lee Memorial Hospital, Giddings, $100,000; Community Hospital, Luling, $295,000; Huth Memorial Hospital, Yoakum, $250,000; Sabine Area Home for Older Adults, Carthage, $225,000.

Grants totaling $1,000,000 or more each were awarded hospitals in Houston, Corpus Christi, Fort Worth and El Paso.

The Water Pollution Control division of the Health Department found that the U.S. Congress had voted $340,000 more than earlier announced for community sewage treatment plants projects. It is finding funds for several projects in addition to the 38 originally requested.

District Officials Draw For Places

Officials in 19-AA District met in Cameron Tuesday to lay the foundation work for the 1964-65 school year.

Superintendents, principals, Athletic Directors and Head Coaches from Navasota, Hearne, Rockdale Caldwell and Cameron met at the Western Room of the Texan Cafe.

They drew for places in the district schedule. Coach George Kirk said following completion of the non-district schedule the district calendar will be completed.

He said there will be only five teams in District 19-AA next year as A & M Consolidated will move into 3-A.

OLD PHILOSOPHER

Sage Gives Up On Trying To Keep Up With World News

Dear editar:

People are always saying a man ought to keep up with what's happening in the world, but it can't be done.

Last night for example I was leafing through a high-powered national magazine and ran across a seven page article on "U.S. Policy In Yemen."

This is what I'm talking about. Yemen? I never heard of the place, and I'll bet a year's subscription to The Cameron Herald that not over two people within ten mils of this Johnson grass farm ever heard of it either, yet it's a country on the foreign aid list the same as the others.

Now I don't mind admitting I didn't read that article, on the grounds that if I brought myself up to date on the situation in Yemen, it would be only fair to do the same for South Viet Nam, Iran, the Chongo, Algeria, South Korea, etc. through the entire list of 175 nations now on earth, and by the time I got through I'd have to start back over as the situation changes every week or two in most of those places. This wouldn't leave me any time for farming, and if I'm not going to have any time for farming, I'd rather it'd be because of something besides the study of geography.

Trying to keep up with what's going on in the individual countries of the world is beyond my reach. It's like trying to keep up with all the politics in all the countries in all the states in the United States, when half the time I don't even know what's going on right here in Milam County. In fact, I'll bet there aren't a dozen people within ten miles of this farm who can name all the officials in the county, and even if they can, I don't believe they'd have much edge on the rest of us.

The way I see it is, if a man keeps up with one county, one state, a few children, two or three football teams and three or four countries, he's got his hands full. I may be ignorant of most of the world, but you've got to remember that most of the world is ignorant of me. This is probably an agreeable situation all the way around.

Yours faithfully,

J.A.

Hope Lutherans Have Second Program

Members of Hope Lutheran Church, Buckholts, responded enthusiastically for the second General Committee meeting of their Partnership In The Gospel program Monday night, October 28. The Pastor, Rev. J. A. Pietsch lead the Bible study based on Romans 12:1-8 and points considered relative to the present participation in congregational activity were: Prophecy, Service, Teaching, Encouraging, Giving, Aiding and Sharing.

Mr.Bob Persky and Mr. Arnold Jungmann of the Vision Committee presented a proposed budget for 1964 which included a long range expansion project for needed additional facilities for the congregation.

During the social hour, assorted refreshments were offered.

MR. AND MRS. LOUIS A. ABEL

Abels Will Observe 50th Anniversary

Mr. and Mrs. Louis A. Abel will celebrate their golden wedding anniversary Sunday with an open house at their home three miles west of Buckholts. Their children will be hosts and hostesses for the open house from 2 until 5 p.m.

Mrs. Abel is the former Hattie Pick, daughter of August Pick, 91, of Temple. The couple was married Nov. 2, 1913 by the late Rev. H. F. Daude, a Lutheran minister, in the home of Mrs. Abel's parents at Rt. 2, Rogers.

The Abels had three sons and 3 daughters. Alvin Abel of Buckholts, Floris Abel of Sharp, the late Louis Abel Jr. of Cameron, Mrs. Eugene May of Temple, Mrs. R. L. George of Merced, California, and Mrs. Floris Fuchs of La Grange, and fifteen grandchildren.

Sept. Savings Bond Sales Are $53,895

Henry Siebman, chairman of the Milam County Savings Bonds Committee, has announced that Savings Bonds sales in Milam County totaled $53,895 during September.

Savings Bonds sales in Texas in September were $11,860,120 which is 15.5 percent increase over sales in September 1962. Texas Savings Bonds sales for the first nine months of 1963 totaled $111,504,654. This figure represents 74 percent of the state's 1963 goal of $150.6 million.

World Day Fete Scheduled Nov. 1

Two decades of effirts for a more secure peace will be marked by women across the land on World Community Day, Friday, November 1.

United Church Women of Cameron announced plans today for the local observance. The special service of worship and dedication will be held at 3:00 in the First Christian Church. There will be a nursery for children.

"Nation Building and the United Nations" will be the theme for W. C. D. for 1963, as church women examine another channel to peace. A highlight of the service will be a review of the twenty years' work for peace undertaken by United Church Women, who have worked together across racial and denominational lines to meet human need and have continually tried to express their faith that lasting peace can be established with freedon and justice.

Fighting Yoemen Turn Outcome

Cameron's Fighting Yoemen came from behind to edge out the Hearne Eagles 20-14 in a nip and tuck battle at Hearne Field last Friday to give their fans a show that was truly a spectators delight.

They earned their title of "Fighting" when, after Hearne gained a 14 point margin early in the first quarter, they set up a stronger than ever offense and defense and held the speedy Eagles scoreless the remainder of the game.

The Yoemen had many rough breaks early in the game when they were penalized just six yards short of the goal line. But this just seemed to make their spirit and desire even greater and they displayed all the talents they have been acquiring these many weeks.

HEARNE SCORES

Hearne's first score came just five minutes deep in the first quarter when Steve O'Neil, end, caught a pass in the end zone. The touchdown climaxed a 73 yard drive and the pass came from 10 yards out. Bill Seabaugh kicked the PAT conversion and the Eagles led 7-0.

Cameron's return drive started out like they were sure to hit pay dirt. A long pass from McKinney to Perrin, good run by Mike McDaniel, some ground plays and another pass to Don Manley put the Yoemen on the 6 yardline. Two penalties made their mark and the Yoemen lost the ball on downs.

The next play was Hearne's last big action for the night. Jim Batson, halfback, pranced down the right side of the field, swung back to the center field and went all 75 yards for their second tally. Chester Russell made the PAT conversion and the Yoemen were trailing 8-14.

YOEMEN SCORE

The crowd roared when Mike McDaniel skirted around left tackle for six points. A pass attempt for two points was knocked down but the Yoemen were closing the gap.

Mike Koranek, tackle, looked like he got real good and mad in the returning Hearne drive and he knocked the ball carrier for a 15 yard loss. Then the Yoemen recovered a Hearne fumbled and were once again on their way.

Plagued by a five-yard penalty, the Yoemen continued to edge their way up field from the Hearne 42 yard line.

From the 8 yard line, Mack McKinney went around left end on a keeper play for the touchdown. He then circled around right end for the two extra points.

The score was tied 14-14 and the excitement of the crowd mounted.

Time was running out in the second quarter, Hearne started to drive again but the ball went wild and a Yoeman covered on the Hearne 15 yard line.

Eagle linemen threw up a stong defense but couldn't hold the Yoemen when they were just inches from the goal line.

With only 35 seconds left on the clock Mike Perrin went off right guard to put the Yoemen out in front 20-14. Try for the extra point was no good.

The next few secs. were like hours with Hearne taking to the air picking up ground as they went. They reached the Cameron 40 yard line when Dicky Ponder intercepted an Eagle pass. He cut through both teams and was tripped up by the the one remaining Eagle that was between him and the goal line.

STRONG DEFENSE

In the second half fans saw a Cameron defense work like never before, although that has been their strongest point all season.

The Eagles penetrated twice, once to the 19 yard line and again to the 14 yard line.

Ponder saved another possible score when he intercepted an Eagle pass on the five yard line.

Another highlight was when Moraw hit another Eagle back behind the line of scrimmage for a 13 yard loss.

Head Coach George Kirk released the names of the outstanding players of the week.

Dfensive players for the week were Robert Moraw, Mike Korzuek and Dickey Ponder.

Offensive lineman of the week was Larry Paul Manley.

Offensive backfield honors were shared by Mike McDaniel, Dennis Jistel and Mike Perrin. Jistel and Perrin did a great job on blocking making their grade as high as McDaniel, Kirk noted.

Bruce Aycox was injured after a long run for the Bulldogs. The run, off left tackle, netted 35 yards for the Bulldogs.

Lineman of the week for the Bulldogs was Jimmie Johnson, a frosh.

yards out but the try for the PAT was no good.

Lineman of the week for the Bulldogs was Jimmie Johnson, a frosh.

man, Paul Brown, a junior, was selected as back of the week.

Outstanding players on defense were Williams and Washington, on the Rosebud squad.

Defensive standouts for the Bulldogs were Nealy, Lewis, Knight and Johnson. Knight blocked a Rosebud punt.

Pastor, Demonstration Agent Speaks At Parent-Teacher Club

The Rev. John Geiser and Mrs. Frances Hembree Johnson were featured speakers for the October meeting of the St. Anthony Parent Teachers Club.

Rev. Geiser is pastor of St. Monica's Parish and Mrs. Johnson is Milam County Home Demonstration Agent.

Rev. Geiser spoke on the relationship of the home, the school, the parents and teachers.

"Parents must recognie their responsibility as parents to see that their children are properly educated," Rev. Geiser said. "The school is not an independent institution, it only supplements the home."

Mrs. Johnson, accenting her lecture with slides and demonstrations, discussed methods of preparing nutritional "sack lunches" that are also appealing.

She showed how to use a variety of breads, garnishes and fillings in order to achieve an appetizing product. "Something a little extra makes a sack lunch appealing," she said.

Mrs. James Brock, pres., presided at the business meeting.

Mrs. W. K. Leonard and Charles McDermott, co-chairman for the Halloween Carnival, outlined for the Oct. 29 fund-raising party and supper.

The group voted to purchase athletic equipment needed at the school.

Mrs. Billie Ellis, Mrs. Joe Mueck, Mrs. Frankie Ehler and Mrs. Anton Hanel served refreshments.

Approximately 75 parents attended the meeting. Third grade won the attendance prize.

In The Service

WITH EXERCISE BIG LIFT FORCES IN EUROPE - Airman First Class Jesse Castilleja of Rosebud is participating in Exercise Big Lift, the joint Department of Defense demonstration of U.S. capability for rapid massive reinforcement of NATO forces in Europe.

Airman Castellejia, an Air Force aircraft ground equipment repairman, is a member of a Composite Air Strike Force of 116 Tactical Air Command aircraft deployed to France and Germany. Combat air and ground forces for the exercise are being provided as elements of the U. S. Strike Command.

Big Lift also involves the largest transoceanic airlift in history with the Military Air Transport Service, assisted by Strategic Air Command and U. S. Navy elements, moving 15,000 troops of the 2nd Armored Division to West Germany in a 72-hour period.

Airman Castilleja, son of Mr. and Mrs. Lee Castilleja of Rosebud, is a graduate of Rosebud High School. His wife, Elvira, is the daughter of Manuel Martinez of Rosebud.

MARCH AFB, Calif. - Dr. (Captain) George R. Brown of Marlin, Tex., has arrived here for assignment with a unit of the Strategic Air Command.

Doctor Brown, a medical officer, came to March from Scott AFB, Ill. He entered the Air Force in June 1962.

The doctor, son of Mr. and Mrs. ames M. Brown of 208 Oakland St., Marlin, is a graduate of Marlin High School. He received his B.S. degree from the University of Texas and his M.D. degree from the Medical School there. He is a member of Sigma Chi.

Prior to entering the service he served as a clinical laboratory technician at the University of Texas Medical School.

His wife, Edith, is the daughter of Mr. and Mrs. J. J. Longmoor

Mission Festival Set For Trinity Lutheran Church

A Mission Festival is a day of rejoicing in the Lutheran Church. It is a day in which the Church observes the success of its mission program thoughout the world, which it supports.

This event will be observed next Sunday at Trinity Luthern Church, Travis at 7th St., in its worship service at 11:00 a.m. The Sunday School meets at 10:00 and will hear about mission victories also.

The Rev. Louis W. Wickham, Pastor of Trinity Lutheran, will bring the message, posing the theme "If You Had The Only God That Saves—!"

Purpose of this festival is not only to inform and inspire one for the further spread of the Gospel, but to receive a large offering for missions. Trinity allocates 28 percent of its receipts for missions, but wants to raise this considerably. The mission offering will help.

The ladies of the Church will serve an old-fashioned church-fellowship dinner immediately following the service, to which all are invited. There will be no charge.

At about 2:30 p.m. moving pictures will be shown. One reel: "God's Will Through Yours" will show the necessity for and the how of making a Christian will. The other reel: "Treasures in Heaven" will be particularly interesting for the whole family. All friends of the Church are welcome to worship and observe these great victories on the mission field.

Primary Aluminum Production Sets New Third Quarter High

Production of primary aluminum in the United States in the third quarter of this year totaled 601,808 short tons, the Aluminum Association reported today. The third quarter output, a record, was 13.9 per cent higher than the 528,377 tons in the corresponding period last year.

Output by the nation's eight producer companies in September amounted to 197,379 tons, off 2.8 percent from the record 203,074 tons produced in August, but 12 percent higher than the 176,185 tons produced in September of last year.

Production during the first nine months totaled 1,697,222 tons, an increase of 8.1 per cent over the 1,570,635 tons produced in the first nine months of 1962, and a record for any nine months.

The figures include for the first time, the output of an eighth U.S. producer, consolidated Aluminum Corporation in Jackson, Tenn., which began production in September.

The seven other aluminum producing companies in the United States are Aluminum Company of America, Anaconda Aluminum Company, Harvey Aluminum (Inc.) Kaiser Aluminum & Chemical Corp., Olin Mathieson Chemical Corp., Revere Copper and Brass, Inc., and Reynolds Metals Company. Olin and Revere produce primary aluminum through a jointly-owned subsidiary, Ormet Corporation.

Screwworm Threat Still Exists In Parts Of Texas

MISSION — The worst of the fall screwworm season may be over, but the danger period is far from being past, officials of cation Program have warned.

The dry weather which has been plaguing much of Texas has helped keep native screwworm fly populations down, eradication workers said. However, infestations could appear in many areas of the state that are now screwworm-free, if considerable rain is received and cold weather doesn't help keep down fly migrations.

ted to eradication headquarters at Mission last week was less than half of what it was three weeks ago. Counties reporting the most cases are those that have had some rain in recent weeks, officials pointed out.

Eradication workers said nearly all of the cases are located in the southern parts of the state where screwworms have been known to

livestock producers take all precautionary steps to prevent additional cases from developing, they stated.

Measures recommended by eradication program experts that will aid in the battle to eliminate the screwworm from the Southwest include frequent inspection of livestock, treatment of wounds with smears and sprays and collection

insect can be made.

Sexually sterile screwworm flies are released near farms and ranches where screwworms are reportd. The sterile males mate with nativ fmales, thus causing the eggs that are laid to be infertile and incapable of hatching.

A potential export market for over 60 million pounds of pork a year will be opened up to American producers when hog cholera is eradicated from the U. S. This market for some $15.3 million worth of pork is not now available because 11 foreign countries bar U. S. pork due to cholera.

4-H Club Notes

By Charles Henson
Asst. County Agent

Jan Parmelee, daughter of Dr. and Mrs. John J. Parmelee, of Rockdale started her 4-H activities one

Sunday afternoon when Dr. Parmelee brought home Jan's first calf. After many days of feeding and training, this calf placed 22nd at the Houston Livestock Show. Since this first calf Jan has made an outstanding name for herself in 4-H club work.

Jan's projects have included bro-

ilers, turkeys, capons, horses, beef calves, and clothing. This year Jan entered her skirt and blouse in the County Dress Revue and won first place. Jan then represented Milam at the District Dress Revue and received a white ribbon.

One of Jan's strongest talents is her leadership ability. As one of our adult leaders said, "Since our club has been organized Jan has been the one to keep things going by inspiring others to participate more fully." Jan is now 4-H Council chairman and is doing a good job.

Jan's summary of her 4-H work is, "In these last seven years of 4-H I have learned a lot about showmanship and leadership. These are an important factor in a person's life."

"STRIKE A BLOW FOR LIBERTY AND FREEDOM"

Senator John Tower

IN CONTRAST TO THE AIR OF SURRENDER IN WASHINGTON WE HAVE A SENATOR WHO SPEAKS IN THE TRADITIONAL AMERICAN MANNER OF COURAGEOUS LEADERSHIP. SOME OF THE CONCERNED CITIZENS OF MILAM COUNTY HAVE PURCHASED THIS SPACE TO BRING YOU HIS OCTOBER NEWSLETTER:

SALE OF WHEAT TO RUSSIA:

In this issue I would like to discuss, primarily, the proposed sale of wheat to Communist Russia. The President has announced that this Administration will issue export licenses allowing some $375 million worth of American wheat to be sold to Communist countries. Prior to the time the President made the announcement, I had publicly stated my position, and had joined other Senators in asking that the decision be delayed until a thorough study could be made to determine the total effect of the transaction. There have been numerous indications that this is only another step in a campaign for broad, general commerce with Communist nations despite the clear intent of Congress as expressed in previous legislation. For that reason I would like to give you my views not only on the wheat sale but on the overall subject of trading with Communist nations.

I am opposed to trading on equal terms with the enemy, and I regard Communism as our enemy. Therefore, I am against the sale as announced by the President, where the governments of the Soviet Union and other Eastern European Communist countries will be allowed to purchase about seven million tons of wheat at prices running some $18 per ton less than the United States government pays for the same grain.

For purposes of comparison, the amount of subsidy involved in the seven million tons of wheat would equal more than $14 for each man, woman and child in Texas.

It seems to be the current line of Administration thinking that we can "do business" with Khrushchev, that somehow he is more trustworthy than the average run of Communists, despite the obvious fact that he fought his way to the top of the Communist heap simply because he was more ruthless and cunning than his adversaries. The current line continues that nothing is "black and white" in the current world struggle between freedom and Communist dictatorship that there are no simple "yes or no" answers to the troubles that plague our dealings with foreign countries.

There is a shred of truth in this line of thinking, but taken as a whole, it is absolutely untrue. We must begin, it seems to me, with the knowledge that our way of life is in mortal combat with Communism. We must further realize that Russia, now, is the fatherland and heartland of Communism. Communism has never modified its desire or intention to rule the world. A strong and trouble-free Russia means a confident and aggressive Communist foe for the United States and the free world.

So our seemingly complex problem finally boils down to an exceedingly simple one: Given the circumstances, we either protect our interests or we do not. And it is not in our interests to bail Russia out of monstrous failures on the collective farms with grain partially paid for by American taxpayers —taxpayers, I might add, who earned their dollars in the free enterprise system.

The Communist rulers of Russia have made every effort, including the wholesale murder of millions of their own citizens, to fashion Russia into an industrial giant that can compete all over the world with the United States. If they are successful in this, if they perfect a highly industrialized society, the free world is in for a great deal of trouble. Workers in the Soviet society are virtual slaves of the State. Their wages are not set by collective bargaining, nor by free agreement between free agents, but by the State, and the State can shift production to concentrate upon specific areas of competition with the West. We would be sorely pressed to meet this problem.

Soviet farm workers are far less efficient than their counterparts in a free society. Trouble on the farm in Russia means the Communists have to shift a proportionately greater number of man-hours to overcome subnormal production. Thus, trouble on the farm in Russia is extremely beneficial for America, if we take advantage of the situation.

It seems to shock the sensibilities of some in our country to suggest that we use food as a vehicle for wrangling concessions from the Soviet government in behalf of freedom. In view of the fact that the Soviet government used murder, starvation, and political dictatorship in establishing its hold over so much of the world's people, I see nothing wrong with our using whatever means we have available to strike a blow for liberty and freedom.

Actually this entire situation points up the almost total bankruptcy of our foreign policy, and our domestic farm policy.

If this nation maintained its proper role of leadership in the free world we would not see our traditional friends and allies ignore our wishes and trade with the Communists.But within recent years our government has offended friendly governments in an effort to influence "neutral" or "uncommitted" emerging nations. It is understandable then, however deplorable it is, that many of our traditional friends have gone off on their own and are engaged in commerce with Communists countries. This in turn gives rise to a feeling here at home that we "ought to get in on the deal."

If, on the other hand, we were able to consolidate the entire free world into a cohesive bloc dedicated to opposing tyranny, we could then trade, or withhold trade, in accordance with long range benefits for freedom.

Too, if we had a realistic farm policy, more closely attuned to a market economy, there would be no tremendous surpluses to depress our farm community. For years the government, in a succession of questionable programs has encouraged production for the storage warehouse, rather than for markets and consumers. Now in an effort to solve several problems that will no doubt become political liabilities, including the precarious position of our gold reserves, and storage costs, this Administration has approved the sale of vast quantities of wheat to Russia. And in the process we will again bail a Socialist government out of its troubles.

And while we are on the subject of wheat, I would point out that there seems to be no haste on the part of this Administration to find out what happened to $132,000,000 worth of wheat that is either lost, strayed, or stolen in transit to its destination overseas. Senator Williams of Delaware is pushing for an investigation of the matter, and I shall lend my support to a complete probe. In fact, I have already turned over to Senator Williams' office some information that might prove helpful. Again, for illustration: The wheat that has somehow disappeared, or is otherwise unaccounted for, has a value equal to more than $15 for each citizen of Texas.

ANYONE, REGARDLESS OF PARTY AFFILIATION, AND WITHOUT OBLIGATION, MAY BE PLACED ON SENATOR TOWER'S NEWSLETTER MAILING LIST BY PHONING OX 7-2872..
